## **City of Seagoville Closes the Seagoville Public Library for 30 Days**

Seagoville, TX – The virus that cause Coronavirus Disease (COVID-19) is easily transmitted through person to person contact, especially in group settings and it is essential that the spread of the virus be slowed to protect the ability of public and private health care providers to handle the influx of new patients and safeguard public health and safety. Because of the risk of the rapid spread of the virus and the need to protect all members of our community, the City of Seagoville has suspended all in person services and programs at the Seagoville Public Library for 30 days. Online services are still available for your use.

In accordance with the Dallas County Health Authority we strongly urge high-risk individuals to cancel, re-schedule, or not attend events that will have or will likely have 10 or more people.
